The Steamer Tashmoo is the pride of the White Star Line. She was constructed especially for use as a river excursion boat and carries 4,000 passengers on her broad decks. The Tashmoo's regular run is from Detroit to Pt. Huron, passing through the Detroit River, Lake St. Clair, the St. Clair Flats and St. Clair River. At Tashmoo Park, where the steamer touches, a large picnic ground and dancing pavilion are maintained.

Mrs. Bayard Fallas

Denver

Colo.

Dear Hazel:-

We are here

in Detroit for a short time. Will send you some pictures later.

Hope to see you soon. Edna
